Letter to our readers

Dear Residents,

Spring has evolved into summer, and the blooms in our beautiful gardens are reaching for the sun. During the easy breezy days of summer, I think about how easy it now is to access, locate, and borrow library materials.

In the past few months, we have launched our CSH Mobile app and introduced new library cards with convenient key tags. You may also download eBooks from either our mobile app or website onto your smartphones or tablets. During road trips or sunny days at the beach, listening to a good book may be your preferred option. Use our “RBdigital” service to find popular audiobooks.

Perhaps you rely upon your library for meeting space; you may now request a meeting room online from our website or via our mobile app. This easy, fillable form is sent directly to Mrs. Caputo, who will check room availability and respond to your request.

The Youth Services librarians have planned over 50 free events for all ages. Registration is required for most programs. Now, you may register your child for any program online from our website or mobile app. They have also organized a group of Drop-in Programs that do not require registration and are therefore ideal for visiting grandchildren or rainy days.

So, when you find yourself looking for the perfect summer read, check out two new features on our website or mobile app: “On Order” and “New to Our Collection” give you easy access to lists of new titles - just click to check availability or make a request.

This August, we will mark our 8th anniversary at 95 Harbor Road. Your support of programs and expanding use of our building are a true testament to the value of the public library in your lives. I hope to catch you often this summer enjoying a book, newspaper, or magazine in the Reading Room, a wonderful retreat from the heat.

See you very soon,

Helen M. Crosson

Signature Events

We are proud to introduce a new level of programming for our community. Look for Signature Events for all ages throughout the next 12 months. Your support of the library makes these programs possible.

In July, we will launch this new series with a movie on the lawn that will be fun for all ages. Bring your family and friends to the library to see The Lego Movie (100 min) on Friday, July 11 at 8:00 p.m. This is a heartwarming story about Emmet, an ordinary, average LEGO construction worker challenged to save his world. He is drafted into a fellowship of strangers on an epic quest to stop an evil tyrant, a journey for which Emmet is hopelessly and hilariously underprepared.

In August, we will conclude the Children’s Summer Reading Club with a production by Rolie Polie Guacamole. They started out in Brooklyn six years ago and have become a must-see band across the East Coast and Midwest. A top pick by Boston.com, Time Out Kids NY, and Time Out Kids Chicago, their high-energy, interactive shows are a mix of funk, rock, and folk music mashed into original tunes about natural living, eating healthy, and staying active. The band’s cover album, Houses of the Moly, won a Parents’ Choice Silver Award and a NAPPA Honors Award in fall 2012.

In Loving Memory

It is with profound sadness that we note the passing of our beloved friend and colleague, Information Services Librarian Susan Simpson. During her tenure here at the Cold Spring Harbor Library, she was a helpful and caring member of the Circulation, Youth Services, and most recently, the Information Services Departments. She also lead our book discussion groups, “Read It in Good Health,” and “Needles & Novels.”

“She was so approachable and easy to talk to, and I enjoyed our conversations and sharing book recommendations. I enjoyed her facilitation of the “Read It in Good Health” book club. She had a knack for selecting really interesting books that led to great discussions. She will be missed.”
